John Deere 30' 1790/1795

400 Gallon Hitch Mounted Tank

Instructions

Kit Number: 530-01-350300

SurePoint Ag Systems Fertilizer Tank Safety and Warnings

SurePoint Ag Systems does not recommend transporting your implement with full fertilizer tanks. Doing so can result in damage to brackets and implement.

Remember to wear proper PPE (*Personal Protective Equipment*) when installing SurePoint Ag Systems fertilizer tank kits. Proper PPE includes gloves, foot and eye protection, and hearing protection.

SurePoint Ag Systems fertilizer application systems require winterization when not in use. Refer to your product manual for winterization procedures.

Failure to follow the above warnings can result in personal injury, damage to your SurePoint Ag Systems products, and damage to your implement.

Parts List and Exploded View

ITEM NO.	PART NUMBER	DESCRIPTION	QTY.
1	727-02-400APPY	Horizontal Tank - 400 Gal - Yellow	1
2	421-2880Y1-GN	JD 1795 Hitch Mount - 400 Gallon Round Tank Cradle	1
3	380-1066	3/4" x 8" x 13-1/2" Square Bend U-Bolt Kit	4
4	525-3000	3" Tank Strap Kit for 400 - 500 Gallon Tanks	2

Step by Step Instructions

1. Loosely attach 400-2088Y1 tank cradle on John Deere 8"x12" hitch using four (4) 3/4" x 8" x 13-1/2" square bend u-bolts. Note: See next page for dimensions and further mounting instructions.
2. Install tank and secure with tank straps.
3. Inspect tank and tank brackets for interference when folding the planter and tighten all u-bolts.
4. Tighten straps again after the tank has been filled.

John Deere 1790/1795 planter must be ordered as the fertilizer frame option. Standard planter markers will interfere with tank mounting without modification.
