Tower 200 Mounting Bracket to 8 inch wide front fold planter hitch instructions

Kits Include	
Item	Quantity
Bracket (410-2057A1)	1
U-Bolt - 1/2" x 8 x 12 standard, substitute longer u-bolt for 60 foot planter	2

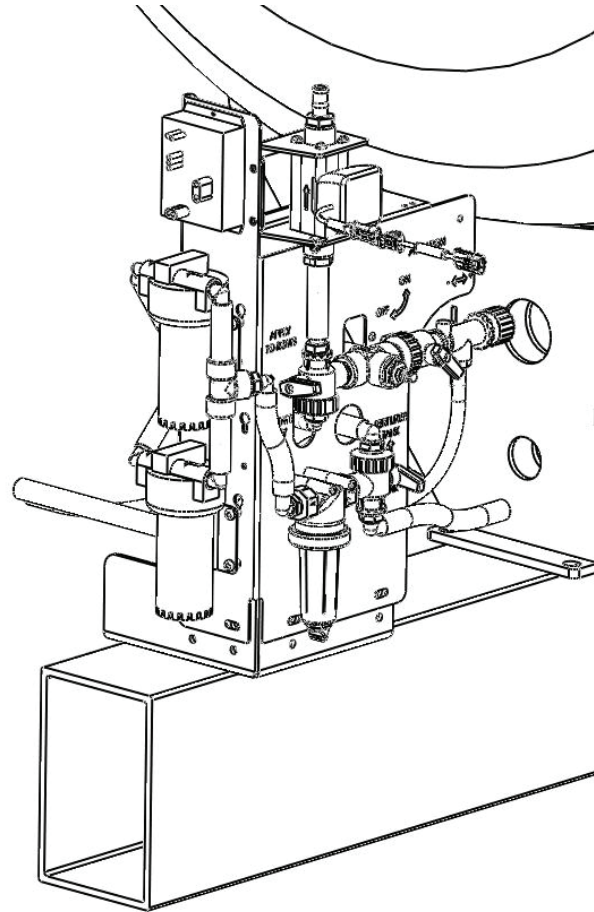

Kit Item Number: 511-1008

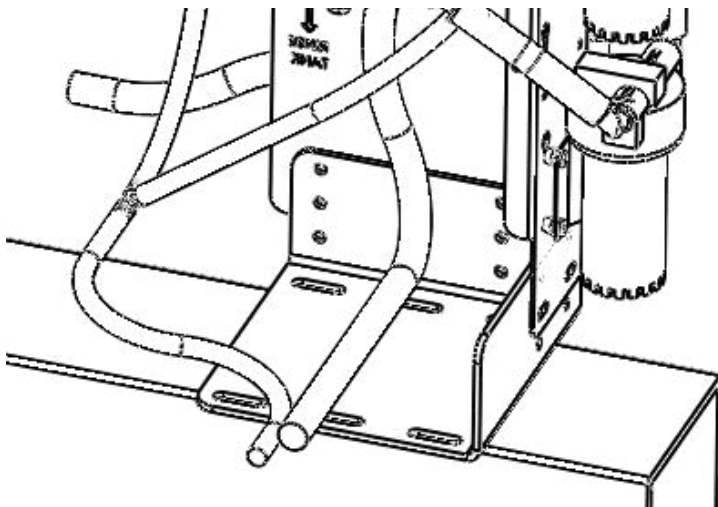

**Tower 200 mounted facing forward,
pump(s) hang to right side of hitch**

Tower 200 mounted facing left

Rear view of bracket bolted to hitch

The bracket can be bolted on to the hitch facing forward or to the side. The Tower 200 face attaches to the side with wider spaced holes. Use two U-bolts to attach the bracket to the hitch (typically 8x12 or 8x16 inches).

The Tower 200 can be bolted on at three different heights to provide mounting flexibility.
