Step by Step Instructions For Pedestals

Rear Pedestal for 300/400/600 Gal Tank

1. Loosely mount rear pedestal 421-5159Y1, on hitch 2" from base plate or until clearing the gussets on hitch. Secure onto hitch using two (2) 3/4" x 15" hex head bolts, washers, 3/4" nuts, and backer plate.

Rear Pedestal for 500 Gal Tank

1. Loosely mount pedestal 421-2020A1 near the back of the hitch. Secure onto hitch using the hardware provided in hardware kit 380-1066.

Front Pedestal for all Tanks

1. Loosely mount pedestal 421-2020A1 near the front of the hitch. Adjust pedestal as needed and secure onto hitch using the hardware provided in hardware kit 380-1066.

Note: Position may vary with each tank.

Step by Step Instructions For Cradle & Tank

300 Gallon Tank

1. Loosely mount a tank saddle on the pedestals using two (2) 5/8" x 1-1/2" hex head bolts, washers, and nuts. Repeat for second tank saddle.
2. Place support sheet over top of both saddles.
3. Install tank with provided tank straps and tighten them down. *Note: Tighten everything again after filling tank.*

Step 2

Step 3

400 Gallon Tank

1. Loosely mount cradle on both pedestals using six (6) 5/8" x 1-1/2" hex head bolts, washers, and nuts. Repeat on opposite side.
2. Install tank with provided tank straps and tighten them down. *Note: Tighten everything again after filling tank.*

Step 1

Step 2

Step by Step Instructions For Cradle & Tank

500 Gallon Tank

1. Loosely mount cradle on both pedestals using six (6) 5/8" x 1-1/2" hex head bolts, washers, and nuts. *Repeat on opposite side.*
2. Install tank with provided tank straps and tighten them down. *Note: Tighten everything again after filling tank.*

Step 2

600 Gallon Tank

1. Loosely mount cradle on both pedestals using eight (8) 5/8" x 1-1/2" hex head bolts, washers, and nuts. *Repeat on opposite side.*
2. Install tank with provided tank straps and tighten them down. *Note: Tighten everything again after filling tank.*

Step 2
